

**WAPELLO
COUNTY
REPUBLICANS**

Dear Friend,

As you know, the 2008 election results were not what we had hoped for. If things continue as they are, we won't recognize our state and country. We are building towards 2010. We need to increase the participation of the grassroots. We have enclosed "grass seed" to remind you that we need your to help. Plant it in a pot so daily you will remember the government is a government of the people. Grassroots!

Campaigns are a marathon not a sprint.

Right now we need to build precinct by precinct to move us closer to victory in 2010. WE need:

- Editorials written
- Precinct Chairs & Workers identified
- Young Republicans identified
- Absentee Requests identified
- Data Base files updated
- Candidates recruited
- Informational Forums held
- Fundraising

Please consider helping us to "grow the grassroots" for 2010 by returning your contribution of \$10, \$25, \$50, or more to the Wapello County Republicans and/or letting us know where you can help with your talents.

Republicans know how to trim government, clip spending, prune taxes, and weed out excessive regulations. We need to let more people know that the answer is to vote Republican.

Please take a moment to make your contribution to the grassroots of Wapello County Republicans.

Your gift of support is vitally important and will be deeply appreciated.

Help us to tend the grassroots.

Wapello County Republican Party
Trudy Caviness, Chair

Join the Wapello County Republican Party Century Club with a donation of \$100.00 and give a real boost to our local, county and state candidates. By joining the Wapello County Republican Century Club you will help ensure a brighter future for our next generation of Iowans. Get Free tickets to our Events.

U.S. Senator Chuck Grassley
